EVERYTHING FOR THE FARMER

Calf Range
FEEDING FOR THE FUTURE

Calf Rations

CALF STARTER MUESLI

- High specification ration formulated using premium quality ingredients
- Toasted barley and flaked maize are the two sources of energy used
- Soya bean meal is the main source of protein with rolled beans and wheat distillers also included
- Beet pulp nuts are included to give a source of fibre
- Ingredients used are palatable and mixed with a high quality molasses to encourage intakes and therefore quickly develop the young calves rumen
- Includes a high quality calf mineral with Yea-Sacc to ensure no digestive upsets occur
- Important to supplement with high quality forage and have access to clean fresh water.

Crude Protein	ME	UFV	Bulk	Bags
18%	11	0.96	✓	✓

CALF FOLLOW ON

- Extremely palatable mix with cooked barley and flaked maize included
- Suitable for calves from approximately 10-12 weeks of age right up to weaning
- Perfect follow on from Calf Starter Muesli
- Once again soya bean meal is the primary source of protein with wheat distillers and rolled beans also included
- Includes a high quality calf mineral with Yea-Sacc to ensure no digestive upset occurs
- Suitable for feeding both indoors with quality forage and outdoors at grass.

Calf Pellet

SUPREME CALF STARTER

- Includes barley and maize meal to enhance growth rates
- Beet pulp nuts included as fibre source and to promote intakes as they are palatable
- Soya bean meal ad rolled beans included as main source
- Includes a high quality calf mineral with Yea-Sacc to ensure no digestive upset occurs
- Suitable for feeding in creep feeders outdoors or indoors with high quality forage.

Crude Protein	ME	UFV	Bulk	Bags
18%	11.1	0.97	✓	✓

Note: Proteins and energy levels can vary slightly from the listed with changes in ingredients used
