340mm x 2400mtrs

Netting and Twine

The application of net wrap is advantageous for a number of reasons –

- faster baling
- lower baling losses
- better bale integrity during handling and transport
- better water shedding ability
- lower outdoor storage losses

The products we supply are of the highest quality and integrity and range in size to suit all farmers

Silage Covers

If a farmer is putting two covers on their silage pit we recommend laying a **Clingseal/O2** barrier before laying the 500 gauge followed by the 400 gauge. Clingseal is a non-breathable protective layer that goes on first before the silage covers. **Visqueen** is a product known for its quality through the years using a mix of virgin and recycled plastics.

Visqueen 400G

10753	24 x 75
10779	36 x 75
10755	42 x 75
10758	46 x 80
10793	52 x 80
10754	60 x 80
10756	60 x 100
10757	60 x 120

Visqueen 500G

We are proud stockists of **Visqueen** 500 gauge silage covers. Made from high quality virgin plastics with no regrind for premium quality. Our 500 gauge from **Visqueen** includes the following sizes

633330	60 x 80
633331	60 x 100
633332	60 x 120

Visqueen Clingseal

Clingseal/O2 takes preservation to the next level and reduces the incidence of moulding. It is available in the following sizes:

10766	11 x 50
10767	18 x 50

Heavy duty silage cover put on top of the black cover, used for protection against vermin and weighting purposes on the pit

637031	Rhino Zill Protection Cover 10x12
637032	Rhino Zill Protection Cover 10x15

Zill bags are used to fill with stones to weight the pit on side walls giving a good seal on the edge of the pit. They are heavy durable bags

637033	Rhino Silage Bags

Silage Additives

Additives

Using silage additives can help in preservation across the winter reducing losses and risk of mycotoxins through better preservation. We have additives to help suit both grassland and maize silage pits for the ultimate quality silage pit.

614053	Ecosyl Liquid 100(1Litre Treats 100 Tonne)
10824	Ecosyl Dry 100 (20Kg Treats 100 Tonne)
10819	Double Action Eco Corn Dry(20 Kg Treats 50 Tonne)
